<p>On 02/21/18 at 1950 hours, I notified Sgt MILLS, via phone of this SERT activation. He did not change my scheduled shift, a day off.</p> <p>On 02/23/18 at approximately 0400 hrs, I arrived at PSP Belfast and attended the briefing for this warrant service. Tpr LOPES and I were assigned as the 4-side breaching team. I was assigned to the tac van, with Cpl PELOTTE as the team leader. Following the briefing, I attended a rehearsal with an entry, secondary entry, and an abort plan.</p> <p>Upon initiation of this warrant, I heard announcements indicating our presence and purpose. As I approached the 4-side sliding glass doors I observed a W/N/M entering the kitchen are then fleeing into the living room area towards the 2-side. I then broke out the sliding glass door and entry was made through the 4 side door as well as the 1-side. I followed team members through the 4-side door into the kitchen area. I then continued to follow members towards the 3-side into another living room area, which was unoccupied. I then made my way back into the other living room where members were giving commands to a W/N/M who was placed on the ground and flex cuffed. After this initial living area was cleared I went out the 3-side door and assisted with clearing a separate building off the 3-side which was a game room. It was unoccupied. I assisted with secondary searches. We remained on scene until it was secured and turned over to investigators. I then returned to PSP Belfast where we debriefed.</p> <p>I was armed with my Glock 21.</p> <p>After a de-brief the team was dismissed at 0730 Hrs.</p>
